

Product Safety Declaration

Q.C. Electrics hereby certify that all products sold by them meet the safety requirements of the Electricity (Safety) Regulations 2010. This includes the requirements of clause 80 which requires all fittings and appliances to be electrically safe.

Under clause 83 of the regulations there is a requirement for 'declared medium risk articles' not to be sold unless the supplier has made a 'Supplier Declaration of Conformity' (SDoC).

The following articles supplied by Q.C. Electrics are classed as High and or Medium risk articles and appropriate SDoCs can be obtained directly from Q.C. Electrics.

MCBs (Miniature Over Current Circuit Breakers)
RCDs (Residual Current Devices)
Light Fittings
Wall Switches not exceeding 20 amps
Socket Outlets not exceeding 20 Amps
Electric Wires and Cables

All other articles supplied by Q.C. Electrics are not classed as Medium or High Risk Articles and under the regulations and do not require an SDoC.

This declaration is sufficient evidence of the Electrical Safety of these non-Medium or High Risk Articles.

Greig McDonald
Director Q.C. Electrics Limited
